Senior Technical Program Manager | Solutions Architect | AI/GenAI Leader

Engineering and program delivery leader with **19+ years of experience** at Amazon and Fortune 500 scale. Currently managing a **\$165M AWS cloud portfolio** across 85+ engineering teams, delivering production GenAI solutions that resolve 4,500+ tickets daily without engineer intervention. Proven track record leading **\$250M+ vendor programs, executive stakeholder management** at C-suite level, and full **program roadmap** ownership across **cloud, AI/GenAI, digital transformation**, and financial programs.

- **GenAI & AI Leadership:** Built AskGenie (88% confidence threshold, 4,500 tickets/day auto-resolved) and Ada (1,200+ facilities, 3,500+ managers, orders under \$10K auto-approved by AI); \$2.3M annual ROI
- **Cloud Architecture & FinOps:** Governed \$165M AWS portfolio at 85% discounted rate; 20+ automated guardrails delivering \$12M/year cost savings for 2 consecutive years (\$24M total)
- **Large-Scale Program Delivery:** Principal Program Lead, \$5.3B Naazir payment modernization (Global Engineering and Security Service); executive stakeholder management across C-suite and finance
- **Team & Org Leadership:** Built 45-member engineering practice at Deloitte; +30% sprint velocity, -25% defect rate

TECHNICAL SKILLS

- **Cloud:** AWS (Certified Solutions Architect), Azure, GCP, CloudFormation, Lambda, DynamoDB, S3, Terraform (IaC), Cloud Migration
- **AI/ML & GenAI:** Generative AI, RAG Architecture, LangChain, AWS Bedrock, SageMaker, Hugging Face, LLMOps, MCP (Model Context Protocol), Prompt Engineering, Context-based Prompt Design, Kiro CLI, Machine Learning, Natural Language Processing, TensorFlow, Python
- **Program & Delivery Management:** Technical Program Management, Engineering Program Management, Senior Engineering Program Management, Program Roadmap, Product Roadmap, OKRs, Agile, Scrum, Kanban, PRINCE2, PMP, ITIL v3, Jira, Confluence
- **Leadership & Governance:** Executive Stakeholder Management, Cross-functional Leadership, Vendor Management, Budget Management, FinOps, Risk Management, Risk Frameworks, GDPR Compliance, Security by Design, Digital Transformation, P&L Management
- **DevOps & Observability:** CI/CD, Containers, Kubernetes, Prometheus, DataDog, New Relic
- **Data:** BigQuery, Data Lakes

PROFESSIONAL EXPERIENCE

Amazon India Development Centre — Senior Technical Program Manager

Bangalore, India | Mar 2022 – Present

- Governed **\$165M AWS cloud portfolio** at 85% discounted rate across 85+ engineering teams; full **budget management** and **vendor management** oversight; audited sub-org AWS accounts and implemented 20+ automated cost guardrails — **\$12M/year cost savings for 2 consecutive years (\$24M total)**
- Built **AskGenie** RAG-based automation for SRE and Support teams — set 88% confidence threshold for automated ticket resolution, enabling **4,500 tickets/day** resolved without engineer intervention; reduced manual effort by 25%, delivered **\$2.3M annual ROI**; leveraged **Kiro CLI** to accelerate engineering team velocity during development and deployment cycles
- Scaled **Ada** procurement AI to **1,200+ global facilities** serving **3,500+ managers** — orders under \$10K auto-approved by AI without manager sign-off; orders above \$10K routed for human approval, eliminating manual overhead for routine maintenance procurement
- Built MCP server-based PMO automation suite using RICE algorithm (Reach, Impact, Confidence, Effort) for AI-driven ROI scoring and investment prioritization decisions; deployed context-based prompt engineering to serve TPM and PM community across Amazon — reduced manual effort in portfolio decision-making
- Built **SafeDrive** real-time safety monitoring for delivery partners — optimized routes using live risk data, cut serious incidents by **24%**, improved on-time delivery reliability by **18%**
- Scaled **Procurement Advisor** using IoT sensor triggers and ML auto-ordering at **95% confidence interval** — managed **\$250M+ annual spend** with full **vendor management** oversight, reduced stock-outs by **40%**

- Deployed **EagleEye** tracking **2.5M+ data points/day** across **15+ international markets**; improved operational throughput by **20%** via Prometheus and DataDog observability integration
- Principal Program Lead for **\$5.3B Naazir payment modernization (Global Engineering and Security Service)**; led **executive stakeholder management** across C-suite, engineering, and finance tracks with full **program roadmap** ownership across parallel delivery streams
- Established TPM governance frameworks with OKR alignment; improved **cross-functional** velocity by 15%; mentored 10+ Senior Engineers and TPMs

Deloitte Consulting India Pvt Ltd — Engineering Lead / Director of Engineering

Gurgaon, India | Nov 2015 – Mar 2022

- Founded and scaled **45-member engineering practice**; directed global talent acquisition, **vendor management**, and technical bar-setting for Fortune 500 clients (Broadcom, Scholastic)
- Built **Campaign Automation Platform** integrated with Adobe Campaign Manager — ML-based user bucketing and **Generative AI** coupon/template generation; improved ROI by **2.5x**, reduced churn by **12%**
- Led legacy CMS to cloud-native microservices migration for **Scholastic**; reduced time-to-market by **35%** via modular architecture and CI/CD automation
- Delivered **branchless banking** rollout with AI avatars and facial recognition — set false-rejection threshold balancing fraud prevention against financial inclusion in low-connectivity regions; cut operational overhead by **40%**
- Led AR/VR integration into smart manufacturing — defined autonomous vs. human intervention boundaries for predictive diagnostics; achieved **20% downtime reduction**

Shell Infotech India Pvt Ltd (Deployed at Deloitte) — Project Manager

Hyderabad, India | Mar 2015 – Nov 2015

- Architected **Salesforce Commerce Cloud platform** for B2B/B2C channels; integrated headless APIs and personalization engines, lifting conversion rates by **25%**

EMERIO (Malaysia) SDN BHD — Project Manager

Cyberjaya, Malaysia | Aug 2014 – Feb 2015

- Delivered process automation reducing manual effort by 10% using Sitecore CMS, and .NET

Royal Bank of Scotland Group — Team Lead (Specialism)

Gurgaon, India | Jul 2009 – Jul 2014

- Supported 16 mission-critical applications across global retail banking; led 10-member team improving uptime by 22% and incident response by 35%

Cincom Systems India Pvt Ltd — Senior Member Technical Staff

Gurgaon, India | Dec 2007 – Jun 2009

- Migrated Ruby rule engine to .NET saving \$1.2M in annual royalty fees; architected self-service CPQ configuration platform

Kale Consultants Ltd — Senior Programmer Analyst

Noida, India | Nov 2005 – Dec 2007

- Built airline booking and revenue management systems for BCD Travel and Air India across 9 countries: integrated Amadeus, Sabre, and Galileo GDS

EDUCATION

- Master of Science in Information Technology, Karnataka State Open University, Mysore
- Bachelor of Science in Information Technology, Karnataka State Open University, Mysore
- GNIIT Diploma, NIIT, Delhi

CERTIFICATIONS

- Generative AI for Leaders, Vanderbilt University — 2026
- Project Management Professional (PMP) — March 2025
- AWS Certified Solutions Architect – Associate — June 2024
- AWS Certified Cloud Practitioner — June 2024
- PRINCE2 Practitioner, AXELOS, UK
- ITIL v3 Foundation, APMG International, UK
